### 2020-2021 Adult Instructional Program Schedule

#### Beginner/Advanced Beginner (0-2.4)

Players at the beginner level are relatively new to tennis or are returning to the game and would benefit from a comprehensive overview of the strokes. The classes work on form and tactics to get a player comfortable in match play. The advanced beginner player has some match play experience and is looking to improve their ability to serve and keep a rally going longer.

This level of instruction is offered to new, non-member tennis players at the NTC member rate for 20 weeks. Demo fees are waived for the first session in which a player participates. All classes are prorated to the players start date, but only at this level of instruction are the Winter and Spring Session split into two sessions – we want you to try this sport that we love so well!

This player has decent court coverage and one or more powerful weapons. These classes enhance the players' tactics while providing stroke practice. The intermediate player has consistency, accuracy, and the ability to dictate pace on most shots, especially the serve.
