

# NTC Inhouse Leagues 8/22/22 – 5/29/23

The following inhouse leagues are offered for signup on a full time, split, or CYD basis. If no rating is listed they are all levels of play and you will not be started in the group unless and until there is competition for you. Contact us if you would like to be rated by our Head Pro.

Saturday Doubles	9:30-11:00 a.m.	Women		\$15	\$20

Every court is provided a fresh can of balls.

**Round Robin Description:** Each player in the group has a similar rating. Players receive a court rotation for the entire season to ensure a variety of partners and opponents.

**Progressive Description:** Each player in the group is rated within the specified range. Players are assigned a court based on their rating. To promote competitive play, players move up a court if they win and down a court if they lose.

**CYD (choose your dates) Description:** A limited number of openings are available on a CYD basis. Signing up for the dates you want is easy, let us know if you are interested and we will get you on the distribution list.

**\*Non-Mbr Price Notes:** An \$8 guest fee is included in the CYD Non-Mbr price. An individual may participate in this program or be a part of a court reservation only three times during the membership season (June through May). After the three times, the player must take out a membership to play again. When you join, note on your form how many guest fees you have paid so we can verify and credit either you or your existing member host's account for them. Regular players must be tennis members.

\*\* These Men's groups allow last minute signups. Multiples of 4 players are not always able to be arranged, so players may rotate in or those out play with the ball machine when it and an extra court are available.
